

Objective: Seeking an internship in the field of Web Development to gain hands-on experience.

Education

SRM Institute of Science and Technology

B.Tech in
Computer
Science and
Engineering

2021-2025

Skills

My technical skills include proficiency in

- C++
- HTML
- CSS
- Javascript
- React
- NodeJS
- JQuery
- Express, and

MongoDB, as well as experience with **RESTful APIs**. I have also worked with **GitHub** and participated in events related to competitive programming.

Experience

1 year in CodeChef SRM NCR Chapter where I learned about

- GitHub
- Competitive Programming
- Participated in Events

Online Profiles

My online profiles on Github and LinkedIn showcase some of my work.

Github: choudharyhimanshustar

LinkedIn: Choudhary Himanshu

Projects

Tindog:

- A website that helps people find a dog that's right for them.
- Utilized my skills in HTML, CSS, and Javascript
- User-friendly interface and a functional back-end.

Simon Game:

- A digital version of the classic Simon game.
- Design and implement the game logic.
- Incorporate user interaction
- Create a responsive design.

Drum Kit:

- Developed a drum kit music website that allows users to play virtual instruments.
- Features a variety of instruments that users can play by clicking on different elements on the page.
- Used audio and animation effects to create an engaging experience for users.

Tic Tac Toe:

- Created using React.
- Able to develop a functional game that can be played by two players
- Utilized my skills in React to create a responsive design.

Achievements

I have also been recognized as a 1-star coder on CodeChef.
